DETAILED ACTION

Claim Rejections - 35 USC § 103

1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

2. Claims 18-19, 21-22, new claim 23 are rejected under 35 U.S.C. 103(a) as being unpatentable over Ehn, Jr et al (part of record), in view of Ternes et al (part of record).

Ehn discloses the claimed device of catcher molded plastic material (col. 3, ln 54-5) having an opening & lower panel and lip (col. 4, ln 7-12) having a reinforcing rod extending laterally across a portion of the lip (rib 41, col. 4, ln 18-19) except for the type of retaining means claimed.

Although, retaining structures described in the claims is well known, Ternes discloses that it is known in the art to provide a hinge rod with plurality of retaining structures (tubular sections 30, 32, 34).

It would have been obvious to one having ordinary skill in the art at the time the invention was made to provide the rod/rib of Ehn with the teachings of plurality of retaining means, in order to provide continuous support for the reinforcing rod/rib.

Response to Arguments

3. Applicant's arguments with respect to claims 18-19, 21-22, new claim 23 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. See form 892.
